Riders that competed in the FAB-Racing 4.2 Rookie class in 2015 or previously and finished in the top 6 in the Championship will not be allowed to compete in this class, they must enter the AC40 Pro class. FAB-Racing also reserves the right to require lower places finishers in the Championship to also move up to the Pro class.

Other Riders from the Rookie class may choose to ride in the Pro class should they want and have the ability but cannot then revert back once started in the class.
